Be our partner in success

## Dear valuable client,

Thank you for the opportunity to introduce our self. **MARY** has adopted « Good Innovation » As the message that best embodies our corporate philosophy . By « innovation » we are not talking about just technological innovation . We mean reforming our services and business models to create new, socially significant value , and drawing on new ideas that give form to our client vision , helping create a brighter, happier future for our customers and society.

We create that, by gathering the three sources of our strength which are : ideas that reach beyond the imaginable, technology that crosses the bounds of possibilities, and entrepreneurship that surpasses the expected. We believe that **MARY** continue to be aware of the changes occurring in society, corporations and consumer needs. As a group that provides effective solutions for a diverse range of issues, We will accurately grasp consumer values and behavior patterns, and further hone our ability to drive insights, or marketing intelligence, that will contribute to solutions to the issues facing our clients.

The knowledge and expertise of each and every one of our company members give us great leverage. Moreover, in addition to this diverse array of expertise, a valuable asset common to all **MARY** employees is creativity, or the ability to produce ideas.

# About MARY

We work together for creative ideas
